Pursuant to a congressional request, GAO examined the General Services Administrations (GSA) fiscal year (FY) 1985 financial statements, specifically its internal accounting controls system. GAO found that GSA failed to: (1) fully support its general ledger balances with detailed subsidiary records and quickly resolve any discrepancies; (2) ensure prompt billing of customers for automatic data processing services; (3) adequately control the process of recording unbilled accounts receivable and related revenue for services provided through third-party subcontractors; (4) promptly analyze and adjust discrepancies between its cash balance and the Department of the Treasurys reported balance; and (5) promptly reconcile its liability for telephone usage with actual bills received and paid.
