CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 192 pages. Dimensions: 9.0in. x 6.0in. x 0.4in. Select chapters from the two books 1. And It Appears Thus. . Truth is not two: one spiritual and one scientific. Since my childhood I was driven by a fear that I may die without knowing the basics of the existence. It appeared, after a good deal of time, that all that the mankind has gathered in terms of knowledge in ten thousand years of meditation and science, at a crude estimate, is no more than a part per million, as an upper limit, of the total possible knowledge of the existence. 2. How I Got This Idea The book is born out of my own experiments and meditations over three decades. This book gives a fresh view of the fundamental makeup of basic sciences. In every generation a need is felt for a fresh perspective of the foundations of the sciences. This book is intended to fill this need at the moment. Non-mathematical and mildly mathematical chapters are included in this selection, employing a minimum of high school geometry and algebra. This item ships from La Vergne, TN. Paperback.
