OPEN UNIVERSITY PRESS, United Kingdom, 2009. Paperback. Condition: New. Language: English . Brand New Book. The text is a wonderful reflective approach for physical education trainees in the areas of planning, instruction, management, assessment, and feedback. The content is aligned with current international research and UK thinking for the national curriculum. It also promotes highly accepted pedagogical practices through the training scenarios and reader questions in each chapter to assist trainee comprehension. Moreover, it is pertinent that the text focuses on teacher improvement so as to engage student learning progression with an inclusive philosophy. Web prompts, technology learning aid suggestions, and teacher self-observation notes are helpful professional preparation modes. There are links to the National Curriculum and other current...
