Excerpt: .done so much good, and Maryland s advance has been checked. The following requirements as to cut out weights are now nationally in force: . (Government Bulletin No. 19, of date October 11, 1913.) Contents of Canned Oysters: For the information of oyster packers, we print the following letter, by permission of the Board of Food and Drugs Inspection of the Department of Agriculture: Mr. Frank E. Gorrell, National Cannery Association, Woodward Bldg., Washington, D. C. Dear Sir: An examination of samples from many of the packers of oysters put up during the season of 1912-13 shows that the weights of drained oyster meat cut out frequently fall below those agreed upon by the canners at the meeting of October 1, 1912, and accepted by the Board as satisfactory pending further investigation of the subject. This shortage, which amounts to 10 or 15 per cent. of the weights agreed upon, has been observed in cans of all sizes except the No. 1 tall and No. 2 tall, which are used exclusively for packing select and extra select oysters. Cans are sometimes found which contain more than the agreed weight, but this is exceptional. It is believed that this shortage in weight is not intentional, but is due rather to the fact that insufficient allowance has been made for loss in weight of oysters through processing; or, in cases where a gain in weight occurs, this gain has not been as great as was expected. By...
