Concerning the use in practice, a survey of senior managers in 219 publicly traded firms indicated that 75 percent thought of the budgetary process as a managerial rather than an accounting function (Zimmerman, 2009, p. 250). However, the effects of budgets and budget processes on managerial performance and effort are still not clear. This paper aims at providing an overview of a collection of recent research papers to investigate how different types of budgets influence managerial behavior and performance and what implications these findings have for managerial practice. Therefore, in the first section the general role of budgeting in organizations will be described. Next, different types of budgets and budget levels are introduced and their effects on managerial behavior and performance will be examined. Finally, several implications of...
