Forgotten Books, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Considerations on the Royal Marriage Act: And on the Application of That Statute to a Marriage; Contracted and Solemnized Out of Great Britain The Royal Marriage Act, it is conceived, like any other statute, may be made the subject of a juridical dissertation, without exposing those who may have given their minds to a consideration of its provisions, to any charge of impropriety in communicating their ideas, with respect either to the policy of that enactment, or to the extent of its operation. It is a matter in which the Empire is interested, and which, perhaps at no distant period, is likely to involve questions of extreme importance. From long and assiduous reflection on the provisions of the Royal Marriage Act, the Author of the following pages has been induced to think, that upon the operation of this statute, hasty opinions have been precipitately formed - fallacious impressions imbibed - and conclusions also adopted, without due consideration of fundamental principles.
