

Probability Is the Very Guide of Life: The Philosophical Use of Chance

Filesize: 8.84 MB

Reviews

It is an incredible ebook that we actually have ever study. This is certainly for all those who statte that there had not been a worthy of looking at. I am just pleased to inform you that this is the very best publication i have got go through during my individual daily life and can be he best ebook for possibly.

(Clarabelle Marvin)

PROBABILITY IS THE VERY GUIDE OF LIFE: THE PHILOSOPHICAL USE OF CHANCE

Open Court. 1 Paperback(s), 2003. soft. Book Condition: New. The theory of probability grew up first in gaming rooms, and then among insurance companies, but was eventually applied by philosophers to all kinds of ordinary choices. That application, however, bristles with knotty problems and disagreements among the experts. Can it be right to rely on odds and chances to pronounce a criminal defendant guilty or innocent? What do statistics tell us about the medical risks of a new drug? How can we show unacceptable discrimination from statistical evidence? This collection of philosophical essays looks at various technical problems in the use of probability theory for guidance in practical decisions, with contributors representing a cross-section of contemporary views. 366.
